I am a dedicated person with a very strong willingness.

I strongly believe that with the educational background accumulated during my school tenure I can positively contribute towards the growth of your company implementing what I learnt.

My major subjects were Industrial Exposure IIA, Multimedia Programming IIA, Multimedia Design IIB, Multimedia Programming IIIB,

I learned of your company through the internet and my aspiration is to work for a company that has your outstanding reputation. I would appreciate the opportunity to work as part of your company where I will make a significant contribution while developing my skills further.

Should you need me for an interview, I regard myself available at any moment convenient to you.

Thank you for your consideration.

Yours faithfully
